BULLI RAY

Occupational Dog Bite Safety

Bulli Ray is the nation's leading provider of Occupational Dog Bite Safety (ODBS) Training. PERIOD! No one has performed more training or authored more materials on the subject of dog bite safety than Bulli Ray.

- Initiated the first outside employee Dog Bite Safety Training for the United States Postal Service. Bulli Ray Enterprises was awarded a 1.2 million dollar national training contract with the USPS in 1996.
- Tens of thousands of employees trained by our Occupational Dog Safety Programs with Live Dogs. We offer training throughout the United States. Our clients include; utilities, cities, counties, law enforcement, military, communities, outreach programs, state governments and we also consultant with state governments on dog bite legislation.
- Bulli Ray is the only Dog Bite Safety Company requested by the national conferences. Naming just a few; National Safety Council, American Gas Association, Public Power Association, American Water Works Association, American Co-op Association and State Metering Associations.
- We service all 50 states, also companies in Canada, Australia and China.
- Bulli Ray has the only Computer Based Training on the subject of Occupational Dog Bite Safety.
- Many instructors have been certified in Occupational Dog Bite Safety at our National Training Center in Murfreesboro, Tennessee. We hold several Train the Trainer Certification programs each year.

Only Bulli Ray offers the breadth of knowledge, resources, and programs for your organization to truly grow in understanding and effective dog bite avoidance. With so much at stake, **can you afford anything else?**

Our Mission: Bulli Ray trains and equips field employees, to avoid or minimize dog attacks. We do this through effective life saving training programs, supplemented by proven innovative safety products.
