

# **BULLI RAY**

## **Occupational Dog Bite Safety**

**Thanks for your interest in our Online Occupational Dog Bite Safety Training!**

### **How Bulli Ray's Online ODBS Course Works:**

Go to our [payment site and purchase as many enrollments.](#)

(more seats the cheaper) Pay for the number of employees needed to take the course.

**Next:** Email [cballenger@bulliray.com](mailto:cballenger@bulliray.com) employee names and email of the person(s) who needs to take the course. **Great News! If your employees don't have emails we can use their names now to login.**

Just have one main contact/manager that can get the link and login details to the employees.

**We will enroll each employee.** The employee will receive an email within a 24hr period with login information to get to the online course. After they have finished the course (passed) they will be able to print a certificate of completion. Go to Transcript click on the icon that looks like this  to print.

Also, we can set one person as the manger so they can see the progress and print an employee certificate as needed. Note: once the course is taken with in 10 days they might be removed from our LMS. **We recommend printing the certificate the day they take the course.**
