Occupational Dog Bite Safety

Training Employees to Protect Themselves from Dog Attacks! | [www.bulliray.com](http://www.bulliray.com) | 888-777-3647

# ONSITE OCCUPATIONAL DOG BITE PREVENTION (ODBS)

ODBS Training Helps **Reduce Your Employees Injury** and Saves Lives! **Save travel time and expense while training ALL your employees** ODBS Training comes to you!

## ONSITE ODBS TRAINING CLASSES (With Live Dogs)

Onsite ODBS training classes are hosted at your location for your employees. We offer a two hour class that provides a full presentation on Dog Bite Prevention.

In a controlled environment, our ODBS training gives employees the opportunity to gain practical experience in dealing with dog attacks. Your employees will have the opportunity to experience training sessions that feature real dogs in live presentations that will teach you and your employees how to prevent dangerous situations, as well as how to respond when it is not avoidable.

There is no replacement for the practical learning experience. While in the class, attendees will be taught a full spectrum of dog bite safety, from the psychology of the dog, how to avoid attacks, self-defense methods, and how to use effective self-protection devices.

These interactive classes will demonstrate frequently encountered situations in which employees are likely to find themselves. This involves participation from the attendees, which enhances the learning experience.

## WHAT TO EXPECT IN CLASS:

- Canine Statistics
- Self Defense Methods
- Volunteers will be suited up for “Live Canine Bites”
- Learn the differences between the defensive and the predatory dogs
- We use live dogs to show what advantage the attacking dog has over the employee
- Canine Behavior
- Explanation of canine and human posturing
- Explanation of human/pack and/or canine pack
- Direct eye contact and a dominate stance explained
- Why dogs bite
- Fence & Barrier: explaining how different approaches can affect the dog’s confidence
- Why befriending dogs on the route, playing ball and feeding dogs can cause other problems
- Self protection devices
- And more!

See our website for a complete list and to schedule your Onsite ODBS Training today!
