

OCCUPATIONAL DOG BITE PREVENTION COMPUTER BASED TRAINING (CBT)

If you think occupational dog bite safety is expensive, think about the financial consequences of not offering training. We want every employee to be safe, so we have designed a program to help you make this important training available to all your employees in a cost effective manner. Your company can afford to protect your employees! Our video training program can benefit both seasoned employees and new hires.

OUR VIDEO TRAINING PROGRAM CONSISTS OF 10 5-6 MINUTE MODULES.

Knowledge and awareness give your employees the power to avoid or safely handle their interaction with dogs in their daily activities. Reduce your incidences of dog bite encounters by giving your employees the tools and knowledge they need when they need it. You will never need to worry about the scheduling complications of bringing your employees to a specific location at specific times.
