MAKING ONLINE TRAINING AFFORDABLE FOR EVERYONE!

Ready for a change in employee training! Our **NEW** #805 online training course on dog bite prevention offers the perfect solution to educate your consultants. When purchasing in bulk, you can enjoy even greater savings. And the best part? These courses never expire until completed, and managers can easily track their employees' progress in groups.

Consider the financial repercussions of neglecting to provide occupational dog bite prevention training. Protecting your employees is within your company's reach. Our online training course is beneficial for both experienced employee and new hires.

Newly launched online training courses and videos are available in multiple languages to accommodate a diverse audience!

Window Sales Consultant, Dog Bite Prevention online training course comprises six modules, each lasting 3-5 minutes, featuring a question bank and interactive scenarios to reinforce the training concepts. A certificate of completion is available upon successful course completion and passing, for your records.

Knowledge and awareness give your employees the power to avoid or safely handle their interaction with dogs in their daily activities. Reduce your incidences of dog bite encounters by giving your employees the tools and knowledge they need when they need it. You will never need to worry about the scheduling complications of bringing your employees to a specific location at specific times.

Dog Bite Safety Training Modules:

1. Site Evaluations
2. Customer & their Dog
3. Approaching the Front Door
4. Meeting the Client at Their Home
5. Self Defense
6. Self Defense,Pack Behavior
