

Thanks for your interest in our Online Occupational Dog Bite Prevention Training! Protect Your Employees. Reduce Risk. Train Anytime, Anywhere.

How Bulli Ray's Online Dog Bite Prevention Courses Operates:

Visit www.bulliray.com to purchase enrollments or contact Cynthia directly with the number of enrollments you wish to purchase. An online invoice can be provided upon request.
Enrollments don't expire until taken!

Next: Email cballenger@bulliray.com employee names and email of the person(s) who you want to take the course. Any more than 10 names use our excel template.

We will enroll each employee. The employee will receive an email within a 24 hr period with login information to get to the online course. Upon successful completion of the course, participants will be able to print a certificate of completion. Select the Transcript option and click on the corresponding icon.

Groups are established for each company. Managers will be assigned to each group as necessary, enabling them to log in at any time to monitor progress and print employee certificates as required.
Note: We recommend printing the certificate soon after they **take the course.**

Any questions email Cynthia anytime.
